Dear Steve, Camden Planning Board members,

Being a lifelong resident of Camden I'm no stranger to the changes that have taken place here in town over the last 47 years, most of them good, some debatable. I do feel strongly that changing the zoning on outer Bayview st for the sake of a few is a step in the wrong direction, and could quite possibly lead to other proposals for non conforming uses coming into this neighborhood.

Thank you,

Jeff Clossey
