Dear Mr. Wilson,

I reside on 152 Bay View St in Camden. I am emailing you in regard to the proposed use of Fox Hill by Mr Rodman's group of investors, with the intent of having a drug and alcohol rehab center.

We are all lucky enough to be living in one of the most beautiful, peaceful places in the country. That is why so many of us live here, because we treasure, where we are, and need to protect, what we all love so much, about being here. This idea of Spot zoning, so to allow greedy people, who have little interest, except to make money. This proposed property, was sold at a depressed price, almost a give away, to people who aren't looking at the bigger picture for anyone, but themselves!. This is NOT the town, or the place to put such an institution. NEVER should the zoning be allowed to be changed, for ANY reason, let alone for the use intended! Once you open that can of worms, we will ALL pay the price, and be on a slippery slope, with no return! The answer will be an open ended result if we allow Spot Zoning, then what will be next?? Once the can of worms is open, you can never go back. Thank you for your time and consideration of my heart felt email.

Sincerely,
Lee Sculley
